### NEW CLARENDON LOCATION DEFINITELY DECIDED UPON

Announced That Dr. Potter Will Rebuild On Beach Near Automobile Club House.

Rumors as to the proposed location of as the proverbial sands of the sea-some of the rumors with a semblance of fact, others as ridiculous as the wildest fancies ever conceived.

The Gazette-News, however, is in a position to state that Dr. E. L. Potter will erect at Daytona Beach a modern, fireproof Clarendon, at a cost of \$300,000. 000. Arrangements have been made and all details practically settled that The Clarendon will be located upon land owned by J. W. Erregger and Mrs. C. R. Oliver on the ocean front in al most a direct line from the Gazette-News office.

The town of Daytona Beach has passed an ordinance exempting the property from all taxes and licenses for a period of ten years.

Rumors of this location bave been rife for several days, but nothing was definitely decided until yesterday. and if no hitch in the details occurs there is no doubt but what this will be the location of The Clarendon.

### Would Go With Mama.

A little girl in this city, who is an interested Sunday school attendant, was recently that if she was a good little girl she would be with the Lord Jesus when she died. Some one followed this with the question: "Where will you go when you die if you are a bad little girl?" without any hesitancy she replied "With mama," to the consternation of that good lady and the amusement of the others.

To Meet People Of Daytona,

Representative Jas. E. Alexander hasn't forgotten that a trio of the prettiest and best towns on the East Coast are in dire need of a big, modern, artistic, pleasing concrete bridge, with graceful arches and overhanging sidewalks, built to withstand the storms and wear of ages, is the chief need, the sine qua West, and that in all such transactions non, and Mr. Alexander desires an opportunity to discuss the question personally with the people of this district. Looking toward such meeting, Mr. Alexander addresses the editor of the Gazette News as follows:

"Please say to the good people of Daytona, Seabreeze and Daytona Beach that I would like to meet them at any time and place between now and April 1, and discuss with them the free bridge proposition, which I hope and expect

"Yours truly, "J. E. ALEXANDER." It is less than two weeks now till April 1st. · Wouldn't it be a good idea for those interested in the concrete bridge scheme to get together, name a time and place, and communicate with

Mr. Alexander at once? There are others, likely, beside Mr. Alexander, who would be glad of the opportunity of discussing the bridge question before their fellows.

By all means bring the Representative over; he'll do you good, and a whiff of ocean air and the sight of your fliers, both terrestrial and ærial, will do him of such reciprocal enjoyments should
